THE BOLD LOOK  
OF **KOHLER**®

## DESIGN THE LIFE YOU LOVE.

Design has always embraced a certain level of self-expression. But unlike the days when tastemakers expressed themselves and the world adjusted, today personal style is truly at the heart of design. The objects you surround yourself with, the ideas you're passionate about, and how you want to feel in your home are the important details in design.

Quite simply, you and your personality are the key ingredients.

At Kohler we make it our business to help you create bathroom spaces that work for you. Whether it's a showstopping powder room to welcome guests or a master bathroom designed to elevate your daily routines,

Kohler has a solution. We're here to help you design a home that is an expression of you and the life you love.

Turn the page to get started.

# *PLANNING*

*8* PLANNING YOUR SPACE

*10* DESIGNING THE LOOK

*18* DESIGNING THE EXPERIENCE

# PLANNING *your space*

## *Designing the Look*

Create a bathroom or powder room that captures not only the look you're after but also the emotional experience you want to create for yourself and your guests as well.

### **12 Exploring Colors & Finishes**

What are the combinations of colors, finishes, materials, and textures that attract you? And which of these will work together to achieve your style of choice?

### **14 Designed to Be Designed**

The Artifacts® and Components® collections invite you to design a signature look by combining a spout with handles and a finish. With different combinations creating distinct looks, these versatile collections are designed to be designed—by you.

### **16 Featured Collections**

Do you enjoy finding individual pieces to create a unique collection or do you prefer collections ready-made by experts who understand the nuances of design? Explore our collections for whole-room solutions.

## *Designing the Experience*

At Kohler we design the functionality of our products to not only bring a great sense of comfort and ease to your daily routines but also to deliver unique and personalized experiences that delight.

### **18 Wired for Experience**

As with many facets of life, technology is changing how we think about and use the bathroom. It can change the focus of your space from everyday tasks to health and well-being.

### **21 Universal Design**

Being smart about the future is as important in design as it is in life. We can help you create a bathroom that will meet your and your family's needs today and tomorrow.

### **22 Everything in Its Place**

The number and location of organized storage options in your bathroom can be the difference between a frantic and a calm morning. We give you plenty of options across the bathroom.

# THE KOHLER *spectrum*

We pride ourselves on bringing you an extensive selection of colors and finishes to choose from as you design your bathroom. Our colors are consistent across a variety of materials, from vitreous china to enameled cast iron. Creating a seamlessly coordinated look couldn't be easier.

## *Faucet Finishes*

The finish you choose is all about the look. With more options than ever, your choice of finish can best reflect your personal style and help you realize your bathroom design vision.

## *Furniture Finishes*

From soft and light to deep and dark, our vanities are available in a wide range of finishes around which to design your entire bathroom.

## *Shower Door Finishes*

Shower door finishes set the tone for your shower space and help tie the design together. From light and bright notes to bold, dark bronze—each finish plays up your bathroom's unique style.

## *Vitreous China*

Vitreous china is fired to be highly durable and easy to clean. Colors match perfectly across all bathroom fixtures, whether vitreous china, acrylic or enameled cast iron.

## *Enameled Cast Iron*

KOHLER® enameled cast iron is made in part with recycled material, comes in an array of rich, gorgeous colors, and has a Lifetime Limited Warranty. For warranty details, visit [KOHLER.com/Warranty](http://KOHLER.com/Warranty).

## *Shadows Collection Colors*

# EXPLORING *colors & finishes*

## *Bringing Colors and Finishes Together*

The colors and finishes you choose will play a leading role in creating the look and feel of your dream bathroom. Each has its own characteristics in terms of warmth or coolness, depth or opacity, texture and sheen, but placed in conversation with one another, some traits may be accentuated over others. Finding the right combination will help you achieve an ideal mix of style and comfort.

### *White or Color: You Can't Go Wrong*

There's no wrong answer when it comes to color choices. Consider these bathroom vignettes. The choice of white or color fixtures can shift the tone of the room. Find what works for you.

## *The Finish Is Just the Beginning*

Like color, finish preferences are highly personal. Both metal faucet finishes and wood cabinet finishes can shape the ambience of the room. Determining what tone or tones create the sensation you're after can be a fruitful place to begin thinking about the design of your bathroom.

### *Metals for Mixing or Matching*

It's definitely not breaking rules today to combine metals in a single space. Bringing warm and cool metal tones together often creates a more lively, layered mood.

DESIGNING THE LOOK

# DESIGNED *to be designed*

## Artifacts.

Inspired by turn-of-the-century charm, each piece in this singular collection is like a vintage treasure rediscovered in a street market or antique shop. Artifacts faucets can complete the look of a room, or they can become the central piece to build an entire room around.

## Components.

Components is a full collection for the contemporary bathroom that speaks to the many facets of modern design. Every element, from spouts and handles to the accessories that complete the space, is designed to feel like a minimalist piece of modern sculpture.

# FEATURED *collections*

Make bathroom design simple and beautiful with KOHLER® collections. Our coordinating fixtures and faucets take the guesswork out of creating a look you love. Each collection can be a complete design solution or a starting point for mixing and matching. With designs that suit any home from traditional to contemporary, you're sure to find the style of your dreams.

**SHADOWS** COLLECTION  
 No one does color quite like Kohler. The Shadows collection—three bold colors available on select, iconic KOHLER® enameled cast iron products—includes Lavender Grey, tranquil yet whimsical; Black Plum, a statement piece for the fashionable and daring; and Indigo Blue, celebrating the brooding beauty of a coastal setting. Built to last for generations, KOHLER enameled cast iron makes an unwavering statement of beauty with a stunning impact that never fades.

## *Veil*™

The Veil collection's organic asymmetrical shapes bring a fresh perspective to bathroom design. From the uniquely thin form of the bath to the efficiency of the toilet, every detail has been purposely crafted to enhance your space. With elements as natural as they are innovative, enjoy modern tranquility at its finest.

See the entire offering of collections at [KOHLER.com/Collections](https://www.kohler.com/Collections).

## *Tresham*®

The Tresham collection is steeped in the traditions of classic Americana while embracing a modern eclectic sensibility. Tresham vanities, toilets, sinks, and shower bases bring this playful eccentricity, this eclectic elegance, to the bathroom. Celebrate tradition—with a twist.

## *Kathryn*®

Evoking the unforgettable style of the early twentieth century, the Kathryn collection is inspired by a 1929 exhibit of KOHLER® products at the Metropolitan Museum of Art. Each detail of the collection pays meticulous attention to the original design.

## *Archer*®

Blending subtle design elements found in the chamfering techniques of craftsman furniture with the intricate facets of jewelry, the Archer collection achieves an interesting transitional aesthetic. The vanity brings texture and visual depth to the collection, while the fixtures combine curved and beveled edges to suit an array of design motifs.

## *Memoirs*®

Inspired by traditional style, the Memoirs collection echoes the stylized lines of historically renowned furniture and architectural design. Choose from two distinct interpretations: the clean, crisp lines of Memoirs Stately and the rounded detail of Memoirs Classic.

DESIGNING THE EXPERIENCE

# WIRED *for experience*

Integrating technology into your bathroom streamlines the look while delivering experiential options that target everything from cleanliness to well-being.

## Connecting to Let Go

In the shower, technology gives us choices. From letting a preset shower experience surround us with music and steam to targeting different areas of our body with hydrotherapies, technology makes it possible and simplifies the process along the way.

✎ Learn more about how technology is transforming the bathroom at [ideas.KOHLER.com/BathTechnology](https://ideas.KOHLER.com/BathTechnology).

The Verdera® Voice lighted mirror features integrated voice-assistant technology, so you can play music, control your shower, and more.

DTV+™ with KOHLER® Konnect uses voice-enabled technology to deliver an invigorating, customized shower.

Technology in the shower lets you combine sprays, steam, music, and light to create a variety of experiences from energizing to soothing.

Enjoying the benefits of steam is easier than ever with Invigoration® Series steam generators.

# WIRED *for experience*

Harried homeowners crossing endless items off their to-do lists are discovering that an audio system in the bathroom can keep them connected and informed while they go about their daily routines. Wherever you are in your bathroom, you can relax or rev up with products that enhance the overall experience and give you streaming sound and task lighting that can all be controlled with the touch of a button.

The Numi® toilet combines design and technology to take intimate rituals to the next level of personal care and comfort. Colored LED ambient lighting and wireless music technology let you fine-tune your experience.

SoundTile® speakers can stand alone or be combined with DTV+™ digital shower system to stream music into your shower.

Slidebars let you adjust the height of the handshower for people of all statures.

Shower bases with a low threshold simplify getting in and out of the shower.

Illuminate the possibilities with the Artifacts™ sconce. When paired with DTV+ using a switch module, you can control your lighting from one central location.

See yourself in a whole new light, and make daily grooming tasks easier than ever. Verdera® lighted mirrors with dimmable task lighting deliver an optimal lighting experience for your bathroom.

Individuals with limited wrist and hand mobility benefit from the ease of operation that single-handle lever faucets afford.

The grab bar provides support and looks great doing it.

Comfort Height® toilets are the height of a standard chair for ease of sitting and standing.

DESIGNING THE EXPERIENCE

# EVERYTHING *in its place*

Keep your bathroom uncluttered and organized with helpful storage solutions from the shower to your styling space. With a place for everything, you'll be able to quickly find what you need and bring a new level of tranquility to your daily routines.

✏ Explore more ideas for storage in the bathroom at [ideas.KOHLER.com/BathOrganization](https://ideas.KOHLER.com/BathOrganization).

## Vanity Storage

- Custom storage and accessory options ensure every hair dryer, toothbrush, and tube of lipstick has its own place.

## Medicine Cabinet Storage

- Multiple adjustable shelves create a custom storage solution to fit all your beauty items
- Mirrored interiors let you find and use what you need without having to swing the door open and closed to use a mirror

## Shower Storage

- Shower Locker® units provide personal storage that discreetly blends into the environment
- Shower bars offer support for mobility assistance and everyday routines such as scrubbing feet, shaving legs, or stretching
- Floating shower shelves can be placed anywhere in the shower, giving you the freedom to set up your shower storage any way you see fit

## The Draft® Collection

- A contemporary-style modular system that works for you and your individual space
- Towel bar frames provide a platform for other accessories, including trays, holders, and containers

# *SHOWERING SPACE*

A shower can be the place you ease into the day's rhythm or wind down from the rush and take a break from the craziness. It can be where you focus on yourself or it can be a space to reconnect. It can be a place to shift gears and experience water in a way that makes a difference.

Kohler has everything you need to create an extraordinary showering space. Whether you're simply replacing a showerhead, remodeling an outdated space, or building your dream home, we have it all.

While we believe a shower can be many things, it should never be ordinary. When you step into a KOHLER® shower, the only question is, where do you want to go?

# *EXPERIENCE*

From designing the engine behind the wall and shaping the water that touches you to delivering solutions for your unique space, we are your showering experts. We help you create your dream shower from the ground up, with quality and integrity that will guarantee exceptional performance.

## *Spray Experience*

Our sprays are designed to deliver experiences that take your daily ritual from ordinary to extraordinary. Whether you need to go from asleep to awake, spent to confident, or sore to soothed, we transform water to transform you.

## *Valve Leadership*

Engineered to ensure every showerhead, rainhead, handshower, and body spray performs at its best, our valves have what it takes to meet the innovative functionality and exacting standards of today's custom showers.

## *Product Solutions*

We create products to solve your design dilemmas. If you want to amplify your shower routine, choose from one or more sensory experiences like music, steam, or light. If you prefer to simplify, we offer easy upgrades or prepackaged shower solutions.

# EXPERIENCES GUIDE

For more information, visit [KOHLER.com/Showinguide](https://www.kohler.com/showinguide).

## SPRAY EXPERIENCES

Our signature sprays are designed to take you from where you are to where you want to be—foggy to focused, rundown to revitalized, or revved up to relaxed.

For more information, visit [KOHLER.com/SignatureSprays](https://www.kohler.com/signaturesprays).

### *Rinsing Sprays*

Step beneath a rinsing spray and let yourself be transformed. A full spray rinses your hair free of shampoo and leaves your skin feeling fresh and comfortably clean.

**AVAILABLE ON** Single- and multifunction showerheads and handshowers

### **Katalyst® Air-Induction Technology**

This innovative technology produces larger, more luxurious water drops that retain heat longer by infusing air through the showerhead into the water stream.

### *Massaging Sprays*

Find yourself transformed from sore to serene when you stand beneath a massaging spray. Targeted, pulsating streams of water massage and ease the tightness in your muscles.

**AVAILABLE ON** Multifunction showerheads and handshowers

### *Restoring Sprays*

Treat yourself to a restoring spray and be instantly transformed from spent to confident. Designed to gently cleanse and soothe your skin, these sprays help you look and feel your best.

**AVAILABLE ON** Multifunction showerheads and handshowers

### *Specialized Sprays*

Be transformed from blah to blissful when you step under a specialized spray. Let unique functions like steam, music, or a truly authentic summer rain transport you to another world.

**AVAILABLE ON** Multifunction showerheads, handshowers, and overhead shower panels

## SENSORY EXPERIENCES

Take your shower to the next level by adding one or more sensory experience. You can combine steam, music, and light with DTV+™, or add stand-alone steam or music components.

### *Music*

Bring your own music into the shower with SoundTile® speakers and amplifier, and never miss a beat.

- Engineered in close cooperation with Polk Audio, these water-resistant speakers deliver high-performance sound
- Equipped with *Bluetooth*® wireless technology for access to music and audio
- Includes input jacks for wired audio

The *Bluetooth* word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Kohler Co. is under license.

### *Steam*

Enjoy the soothing benefits of a steam right in your shower with Invigoration® Series steam generators.

- Fast-Response® technology delivers steam in less than one minute
- Power Clean™ feature eliminates manual flushing
- Generators are constructed of durable insulated stainless steel

### *DTV+ Lighting*

Let DTV+ control the lights throughout your bathroom when you add DTV+ switch modules. Connect DTV+ with up to three electrical outlets, including lighting, to enhance the bathroom environment.

- Connect bathroom lighting or task lighting
- Dim bathroom lights with the dimmer module
- Control fans and towel warmers

# EXPERIENCES GUIDE

For more information, visit [KOHLE.com/Showinguide](https://www.kohler.com/showinguide).

## SPA EXPERIENCES

DTV+™ can take your daily shower ritual to another level with preprogrammed spa experiences. Each one features specific hydrotherapies and was inspired by one of three themes: Relaxation, Well-Being, or Energy. Think of them as a playlist for your shower where the power of water, light, sound, and steam can cleanse both body and mind.

The preprogrammed spa experiences are designed to deliver specific spa-like benefits.

- The experiences vary in time and can be up to seven minutes long
- You can vary the time of the experience by repeating or skipping individual steps
- The intensity of each experience can be adjusted and saved as a user preset
- Any experience can be combined with audio, lighting, and steam elements

### *Relaxation*

Bask in the rejuvenating power of water and heat to target exhausted muscles and destress the mind from the daily grind with one of our relaxation experiences.

### *Well-Being*

Become refreshed and renewed as water warms your pulse points and quickly envelops your entire body with one of our well-being experiences.

### *Energy*

Jump-start your day with the feeling of contrasting hot and cool intervals cascading across your body with one of our energy experiences.

## AWAKEN YOUR SENSES

Only Kohler allows you to control water, light, sound, steam, and spa-like experiences to cleanse your body and clear your mind. Our spa solutions are designed to engage your five senses, helping to calm or energize as needed and offering more mindful showering experiences.

### *See*

Illuminate your bathroom or control electrical accessories with DTV+™ switch modules. The DTV+ interface allows you to control up to three electrical accessories, all at your fingertips.

### *Hear*

SoundTile® water-resistant speakers deliver rich and luxurious audio quality to any space. Pair with the DTV+ amplifier using wireless technology to stream music, news, and more from your favorite mobile devices.

### *Touch*

Take your daily ritual to another level with preprogrammed spa experiences—each one is scripted with specific hydrotherapies in mind.

### *Smell*

The Invigoration® Series steam generator control kit offers a steam head with built-in reservoir for adding your favorite aromatherapy scents.

### *Feel*

Rain is a dynamic, multisensory experience. Individual droplets of varying size are seen and felt. The Real Rain® overhead shower panel features a silicone sprayface and hundreds of randomly dispersed nozzles to make that experience possible.

# COMPONENTS GUIDE

For more information, visit [KOHLER.com/ShoweringGuide](https://www.kohler.com/showeringguide).

## SHOWERING COMPONENTS

We offer solutions from floor to ceiling—showerheads, handshowers, rainheads, and body sprays—all optimally designed to give you the best experience, water pressure, and water usage for your task. Find one that's right for you, or combine multiple components for a personalized experience.

### *Showerheads*

**PRIMARY TARGET** Head, shoulders, back, and face  
**FUNCTION** Single and multifunction  
**BEST FOR** Rinsing hair and general cleaning  
**REQUIRED** Shower arm (shown)

### *Rainheads*

**PRIMARY TARGET** Whole body  
**FUNCTION** Single  
**BEST FOR** Relaxing, spa-like experience  
**REQUIRED** Rainhead arm (shown)

### *Body Sprays*

**PRIMARY TARGET** Shoulders, back, and feet  
**FUNCTION** Single  
**BEST FOR** Relieving sore muscles with a hydromassage

### *Handshowers*

**PRIMARY TARGET** Whole body  
**FUNCTION** Single and multifunction  
**BEST FOR** Rinsing off kids, bathing pets, and cleaning the space  
**RECOMMENDED** Slidebar, supply elbow, wall bracket  
**REQUIRED** Shower hose

### **Slidebars**

Allow you to adjust the height of handshower for individual users

### **Slidebar With Integrated Supply Elbow**

Reduces the number of components on the wall and creates a simple, streamlined look

### **Shower Hoses**

60" or 72" lengths—hose length depends on the task at hand and size of the shower

Ribbon, smooth, or metal material—ribbon hoses are light and quiet; smooth hoses wipe clean with ease; and metal hoses are premium and long-lasting

### **Handshower Holders With Supply Elbow**

Allow handshower to be used in larger showering environments, providing both the water supply and a holder

### **Supply Elbows**

Provide water supply; use with slidebar on one side and holder on the other

### **Handshower Holders**

Hold handshower in fixed position

# COMPONENTS GUIDE

For more information, visit [KOHLER.com/ShoweringGuide](https://www.kohler.com/showeringguide).

## SOLUTIONS

Keep life simple by choosing easy upgrades or prepackaged showering solutions rather than undergoing a major remodel or piecing your components together separately.

### *HydroRail® and Shower Arms With Diverters*

HydroRail shower columns and shower arm diverters turn your shower into a spa-like retreat without having to go behind the wall to reroute plumbing or change out the valve. The column mounts to existing plumbing. This means you simply remove the old shower arm and replace it with the HydroRail shower column. Or simply change out your existing shower arm to a shower arm with diverter to quickly and easily add a handshower.

### *Showering Kits*

Simplify your design process by choosing from our showering kits. With complementary components in a variety of finishes, each kit is ready to go.

#### **Handshower Kits**

These kits include coordinated handshowers, slidebars, and hoses.

#### **HydroRail Kits**

Our HydroRail kits combine a HydroRail shower column with either a showerhead and handshower or rainhead and handshower.

#### **Essentials Kits (Shown)**

Complete solutions, these kits include multifunction showerheads and handshowers, shower arms with diverters, slidebars, and line-matched manual valve trim. Valves sold separately.

### *Faucet Trim Sets*

#### **Bath/Shower (Shown)**

Bath/shower faucet trim sets include a shower arm, manual valve trim, and bath spout. Valve sold separately. Available with or without showerheads.

#### **Shower**

Choose a complete faucet trim set with a showerhead, shower arm, and manual valve trim. Or customize your shower experience by pairing any showerhead with a set that includes a shower arm and manual valve trim.

## TRIM OPTIONS

Manual or digital, our shower trim options help deliver precise control of your showering experiences. KOHLER® trim comes in a number of styles and finishes to help you design a showering space that is polished and elegant.

### *Manual*

Trim for manual volume and temperature controls coordinate with our faucet designs and finishes. Choose from pressure-balancing or volume control plus thermostatic trim options. Add transfer valve trim for a coordinated look that offers the functionality of multiple outlets.

### *Digital*

#### **DTV Mode®**

Designed with sleek, minimalist style, the DTV Mode digital interface combines the satisfaction of push-button on/off functionality with the comfort and safety of digital temperature control.

#### **DTV Prompt®**

The DTV Prompt interface features a large, easy-to-read display and intuitive push-button control system, operating up to three different outlets.

#### **DTV+™**

This simple touch-screen interface controls every element of your multisensory DTV+ showering experience—water, steam, music, and lighting.

# VALVES GUIDE

For more information, visit [KOHLER.com/ShoweringGuide](http://KOHLER.com/ShoweringGuide).

Engineered to ensure every showerhead, rainhead, handshower, and body spray performs at its best, our valves have what it takes to meet the innovative functionality and exacting standards of today's custom showers. Create your ideal showering experience, and we'll help you choose the valve to power it.

## PRESSURE-BALANCING VALVES

- Measure and maintain the temperature by keeping consistent water pressure inside the mixing valve
- Rapid response to pressure changes to prevent scalding
- All-in-one solutions that let you turn the shower on and off, as well as control water temperature, all with one handle
- Typically used in more basic applications like a traditional bath and shower
- High-flow pressure-balancing valves are available to fill the bath more quickly or for custom shower applications
- Transfer/diverter valves allow you to expand the number of outlets you can control

**BEST FOR** Basic bath/shower and shower configurations  
**FLOW RATES** 5.0 gpm up to 13.0 gpm

## THERMOSTATIC VALVES

### Manual

- Takes a basic shower to the next level
- Measures and maintains the actual temperature inside the mixing valve
- Ability to set a precise high temperature limit for added safety
- Perfect for all applications from a basic bath/shower to more elaborate custom showers
- Transfer/diverter valves allow you to expand the number of outlets you can control
- Requires a volume control valve

**BEST FOR** Bath/shower and shower configurations with multiple outlets  
**FLOW RATES** 9.0 gpm up to 17.0 gpm

### Digital

- The ultimate in clean design, functionality, performance, and convenience
- Comprised of a digital thermostatic valve and an intuitive, easy-to-operate digital interface
- Can be used with basic or custom shower systems with options for music, lighting, steam, and spa experiences

**BEST FOR** All bath/shower and shower configurations  
**FLOW RATES** 13.0 gpm up to 42.0 gpm

## DIGITAL VALVES

### Why Go Digital?

#### Customization

With a digital shower, you can customize your configuration with anything from rainheads and showerheads to handshowers and body sprays—and more.

#### Control

Control every aspect of your experience, from precise temperature and timing to coordination between shower components—all with a simple touch.

#### Clean Look

With a digital shower, every element is controlled with an intuitive interface, eliminating the need for handles and knobs, giving you a clean, uncluttered showering space.

### DTV Mode®

DTV Mode is the perfect entry point for digital showering. It delivers precise control at the push of a button with minimalist styling that is perfectly suited for any bathroom design.

### DTV Prompt®

DTV Prompt digital showering system offers a choice of push-button interfaces to control either two or three outlets.

### DTV+™

Our most advanced digital showering system, DTV+ gives you the ability to control water, light, sound, and steam with a touch-screen interface for a true multisensory showering experience.

### DTV+ KOHLER Kconnect®

DTV+ with KOHLER Kconnect uses voice-activated technology to deliver a customizable showering experience. Control your shower routine without ever lifting a finger, and enjoy an invigorating shower that's unique to you.

#### Water

DTV+ works with one or two valves. Choose from two-, three-, or six-outlet valves to create your spa-like experience.

#### Music

Add a KOHLER amplifier and SoundTile® speakers to introduce music into any showering experience. Amp yourself up for the day or unwind from the daily grind with your favorite playlist.

#### Steam

Add a steam adapter and steam generator to bask in the rejuvenating embrace of a soothing steam experience.

#### Lighting

Add lighting elements to control every aspect of the entire room's ambience, and set the mood for your very own spa retreat.

# SHOWERHEADS

If you love a straightforward, incredible spray experience every time you step into the shower, a single-function showerhead is ideal. The single-function showerheads shown here feature Katalyst® air-induction technology and are engineered to deliver simple, luxurious water experiences day in, day out.

# SHOWERHEADS

If you like a shower that keeps pace with your day—an invigorating wake-up shower, a massaging after-workout shower, or a relaxing evening shower—a multifunction showerhead is the way to go. We offer a range of multifunction spray experiences, including water-saving options, to suit a variety of intensity preferences.

# EXHALE® SHOWERING COMPONENTS

The unique Exhale sprayface delivers a signature showering experience designed to calm your mind and invigorate your body. Inspired by the delicate petals of a dahlia, the design brings a gentle elegance to the shower. The silicone sprayface complements a variety of bathroom decors with its clean, soft appearance. Available in showerhead and handshower models, Exhale features up to four unique sprays: full coverage, drenching rain, intense massage, and silk.

### *Full Coverage*

Experience large, luxurious water drops that retain heat longer with the full coverage of Katalyst® air-induction technology.

### *Drenching Rain*

An exhilarating, circular water pattern that creates a wide, drenching spray.

### *Intense Massage*

A revitalizing and soothing massage spray to target sore muscles.

### *Silk*

Enjoy soft, silky drops that are gentle on pets, kids, and sensitive skin.

360-degree continuous rotation allows you to move smoothly between sprays, changing every 30 degrees.

The soft silicone sprayface is easy to clean—no protruding nozzles.

The wall-mount handshower bracket features an integrated water supply and volume control.

# REAL RAIN®

Stand beneath the Real Rain shower panel and let the first few drops of a soft summer rain fall across your shoulders. Look up. Breathe. Let your mind's rhythm slow as the rainfall builds. Feel your body relax into the warmth. And let nature, in all its ordered randomness, rain over you.

## *Summon the Rain*

When the gentle rain has quenched your skin and refreshed your spirit, invite the sky to open and pour over you. Let a deluge of water rush down, wash the weight of the day away, rinse you clean and bring you back to what matters.

### **Gentle Summer Rain**

Calm, warm, and inviting—Real Rain provides a full-coverage experience for easing into the day or unwinding from it.

### **Drenching Deluge**

The center of the panel is a rain-free zone for easy breathing. With the touch of a button, the Deluge function is activated to deliver an invigorating downpour.

- A** | MEASURING 19" x 19", REAL RAIN 2.5 GPM OVERHEAD PANEL FEATURES 775 NOZZLES AND OFFERS AN INVITING, FULL-COVERAGE EXPERIENCE
- B** | SPRAYFACE IS SILICONE FOR EASY CLEANING AND SLEEK DESIGN
- C** | CENTER NOZZLES DELIVER THE DELUGE, BUT WHEN INACTIVE YOU CAN BREATHE EASILY BENEATH THE PANEL
- D** | DELUGE RELEASES 0.5 GALLONS IN 8 SECONDS

Real Rain® offers two models:  
1.75 or 2.5 gallons of water  
per minute.

# HANDSHOWERS

Handshowers are great for the family shower and can function in place of or in combination with a wall-mounted showerhead. Install your handshower with a slidebar and hose to enhance the functionality of your shower and accommodate a range of heights—encompassing adults and children.

# TRIM SETS

If you're looking for a simple, stylish solution, our bath/shower faucet trim sets pair with a Rite-Temp® pressure-balancing valve to provide you with the basic essentials for an outstanding shower. Some kits do not include a showerhead, so you can customize your shower experience by choosing from the wide range of KOHLER® spray options. Valve sold separately.

# THERMOSTATIC VALVE TRIM

Perfect for personalizing your shower, pair thermostatic valve trim with our MasterShower® thermostatic valves that let you set the temperature once and never have to adjust it again. Enjoy complete control of your showering experience using separate volume control valves to adjust the flow of each water delivery component—showerheads, handshowers, body sprays, or other components—individually.

# *STRUCTURE*

From floor to ceiling and from wall to wall, Kohler offers every type of product needed to create the dream shower that fits your budget and lifestyle. Our products are designed to work together to keep your shower organized and looking beautiful, making your daily shower feel like an escape from the world.

# STRUCTURE GUIDE

For more information, visit [KOHLER.com/StructureGuide](https://www.kohler.com/StructureGuide).

## SHOWER BASES

Our low and ultralow shower bases are made to last, easy to install, and require very little maintenance. Available in a variety of sizes, shapes, and colors, our shower bases provide durable, lasting style.

### Sizes

A wide range of sizes are available to accommodate standard shower spaces, including options designed to replace an alcove bath.

### Styles

We offer a number of shower base styles, from traditional to modern, that coordinate with our fixture collections.

Alcove

Integral Seat

### Materials

#### KOHLER® Enameled Cast Iron

No other material offers the character and craftsmanship of KOHLER enameled cast iron. Its rich finish and lasting presence make a bold statement.

**STRENGTH** KOHLER enameled cast iron shower bases are durable enough to stand up to daily use by the whole family.

**STYLE** Go bold with deep hues, or go subtle with pale tones.

**SOUL** Made In Kohler, Wisconsin, our cast iron shower bases embody over 145 years of KOHLER craftsmanship.

#### Acrylic

A strong, flex-resistant material, acrylic has a smooth finish that resists chipping and cracking, and is easy to clean.

Ballast® shower bases feature durable resin-concrete core construction, providing a solid, quality feel underfoot.

### Other Considerations

Convenient features include concealed drains, slip-resistant surfaces, and models with integrated seats.

#### Drain Options

Drains and drain covers are available in a variety of finishes and colors to complement your space.

#### Bases With Seats

Whether you'd like the comfort of a shower seat now or you're planning for the future, our spacious integral seats let you relax in the shower.

### Colors

Please check color availability for individual models online.

# STRUCTURE GUIDE

For more information, visit [KOHLER.com/StructureGuide](https://www.kohler.com/StructureGuide).

## SHOWER DOORS

A wide range of sizes and styles makes a KOHLER® shower door the ideal choice for your bathroom.

### Sizes

KOHLER shower doors are available in a wide range of standard widths from 27" to 72" and heights from 55" to 89".

### Types

Shower doors are available in a variety of configurations so you can select the option that works best in your space.

#### Pivot

Also called swinging or hinged doors, frameless and semiframed pivot shower doors swing open like a traditional door.

#### Sliding

Typically chosen for baths and large showers, frameless sliding doors overlap with a smooth, quiet sliding action.

#### Bath Screen

A fixed bath screen provides a simple way to separate the bathing area from the rest of the bathroom.

### Style

We offer a number of shower door styles, ranging from classic to contemporary, to complement your overall bathroom design.

### Finishes

Available in several finish options, our shower doors coordinate with KOHLER® faucets and accessories.

Bright Silver (SH)

Bright Polished Silver (SHP)

Brushed Nickel (NX)

Matte Nickel (MX)

Anodized Brushed Nickel (BNK)

Brushed Bronze (ABV)

Anodized Dark Bronze (ABZ)

Matte Black (BL)

### Hardware

Our shower door handle options are designed to match our faucets, from simple modern designs to traditional detailing.

### Glass Options

#### Glass Thickness

The thickness of your glass affects how substantial the door feels as you open and close it. Select 1/4", 5/16", or 3/8" glass.

#### Glass Styles

Crystal Clear (L)

Frosted (D3)

Falling Lines (G54)

#### CleanCoat® Technology

CleanCoat glass treatment repels water and makes it easier to clean hard water spots.

With CleanCoat

Without CleanCoat

# SHOWER DOORS

KOHLER® shower doors are available in sliding or pivot styles to accommodate your space. All of our doors feature water-repelling CleanCoat® glass treatment for easy cleaning.

# *BATHING SPACE*

As the place for restful relaxation or rejuvenating your mind and body, your bathing space should feel luxurious and comforting at once. Whether you're designing a new master suite or remodeling a guest bathroom, we can help you find the right combination of bath and faucet products to create a look and experience you love.

# ***BATHS***

KOHLER® baths are designed to conform to your body, helping you relax with just the right hydrotherapy, as well as to delight the eye. Whether your bath is primarily for you or for bathing children and pets, it's important to carefully choose features that work best for you.

We offer a wide variety of sizes, colors, materials, and installations to fit your bathing needs. Choose from signature KOHLER hydrotherapy and experiences to outfit your bath with the healing benefits of water. With a wide assortment of styles ranging from classic to contemporary and everything in between, you're sure to find your perfect bath.

# BATHS GUIDE

For more information, visit [KOHLER.com/BathsGuide](https://www.kohler.com/BathsGuide).

## INSTALLATIONS

### *Freestanding*

This installation option is ideal when the bath is the focal point of the room. Typically accessible from all sides, the freestanding bath highlights the beauty of the design.

### *Alcove*

An alcove is a recessed nook or area within a room. Designed for three-wall alcove installations, this installation option features unfinished exteriors and tile flanges on three sides. Many of these fixtures include an integral apron to complete the design.

### *Undermount*

Creating a clean, contemporary look, undermount installation is perfect for designing a separate, personalized bathing space. The bath is mounted beneath your choice of deck material, such as tile, solid surface, or natural stone.

### *Drop-In*

Baths designed for drop-in installation have an edge that rests on the deck material—such as tile or stone—that surrounds your whirlpool or bath.

### *Corner*

Corner baths are five-sided, with a clover-shape bathing well, and designed to accommodate two bathers at once.

## SIZES

Our baths are available in a variety of standard sizes so you can find the right fit for both your space and your family's needs.

- Under 5'
- 5'
- 5½'
- 6'
- Over 6'

## MATERIALS & COLORS

### *Acrylic*

A strong, flex-resistant material, acrylic has a smooth finish that resists chipping and cracking and is easy to clean.

### *KOHLER® Enameled Cast Iron*

No other material offers the character and craftsmanship of KOHLER enameled cast iron. Its rich finish and lasting presence make a bold statement.

**STRENGTH** KOHLER enameled cast iron baths are durable enough to stand up to daily use by the whole family.

**STYLE** Go bold with deep hues, or be subtle with pale tones.

**SOUL** Made In Kohler, Wisconsin, our cast iron baths embody over 145 years of Kohler craftsmanship.

### *Lithocast®*

Our strong Lithocast cast resin material allows for geometries with dynamic style that are hand-finished to create crisp detail that is full of character. Lithocast Matte has a finish that captures the beauty of real stone. Lithocast Gloss has a full spectrum of designs that are lighter weight than Lithocast Matte baths and have an easy-to-clean gloss finish.

KOHLER acrylic baths installed in North America carry a Lifetime Limited Warranty for as long as the original consumer purchaser owns his or her home.

KOHLER cast iron baths installed in North America carry a Lifetime Limited Warranty for as long as the original consumer purchaser owns his or her home.

KOHLER Lithocast baths installed in North America carry a Lifetime Limited Warranty for as long as the original consumer purchaser owns his or her home.

# BATHS GUIDE

For more information, visit [KOHLER.com/Hydrotherapy](https://www.kohler.com/Hydrotherapy).

Immerse yourself in the jets and bubbles of KOHLER® baths with our signature hydrotherapies. Whether you're looking to revitalize or relax, KOHLER hydrotherapies will give you the luxury of "me time" for a happier you. Our hydrotherapies harness water's natural ability to enhance well-being and give you the benefits of a spa treatment in the comfort of your home, so you feel centered and energized—your best self.

## HYDROTHERAPIES

### *VibrAcoustic*

Feel the music as you submerge yourself in a sound bath. Vibrations resound throughout your core with a targeted, powerful hydromassage that promotes a profound state of relaxation.

### *Effervescence*

Immerse yourself in a full-body kiss of thousands of tiny, champagne-like bubbles for a gentle yet revitalizing massage. It's a warm embrace that helps quiet the mind and promotes a serene experience.

### *Heated BubbleMassage*

Become soothed and renewed as heated bubbles deliver a blissful full-body massage that help center the mind and target muscle tension.

### *Whirlpool*

Rejuvenate and revitalize yourself with jets of water that help melt away the stress of the day and target muscle and joint pain.

### *Combination Hydrotherapies*

Select models offer combination hydrotherapies. They hydrotherapy experiences are operated from separate keypads, so you can control each one independently.

- Whirlpool With Effervescence
- VibrAcoustic With Heated BubbleMassage
- Heated BubbleMassage With Whirlpool

## ADDITIONAL OPTIONS

### *Bask Heated Surface*

- Warm your neck, shoulders, and back as you bathe
- Choose from three heat settings
- Stay warm longer and extend your bathing time

### *Wireless Music Kit*

- Surround yourself with music as you bathe
- Syncs with devices enabled with *Bluetooth*® wireless technology
- Easy to install with any acrylic bath

The *Bluetooth* word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Kohler Co. is under license.

### *Spa/Massage Package*

- An additional ten backjets, two neckjets, and chromatherapy offer the complete spa experience to remove stress and tension from your neck and back
- Available on *Memoirs*® and *Tea-for-Two*® drop-in whirlpool with Effervescence hydrotherapy

# THREE BATH DESIGNS

*so many possibilities*

We've expanded three of our most versatile bathing lines to make it easier than ever to create the bathroom of your dreams:

Tea-for-Two®, Archer®, and Underscore®.

- Offered in a wide range of sizes, shapes, and installation types
- Available with KOHLER® hydrotherapies and upgrades
- Choose from up to nine gorgeous colors to coordinate with other KOHLER fixtures
- Designed to complement a variety of design styles

## *Tea-for-Two*

Tea-for-Two, made of durable and rich KOHLER enameled cast iron, is designed to bring comfort for one or two bathers at a time.

 Explore the full line of Tea-for-Two baths at [KOHLER.com/TeaForTwo](https://www.kohler.com/TeaForTwo).

## *Archer*

Inspired by craftsman furniture, Archer acrylic baths offer a deep soak at an affordable price. Beveled edges and curved bases provide a sophisticated style and clean shape that cradles your body.

 Explore the full line of Archer baths at [KOHLER.com/Archer](https://www.kohler.com/Archer).

## *Underscore*

Streamlined design brings refined style and contemporary flair to your bathroom while allowing for a luxuriously deep soak. With our widest selection of options, there's an Underscore bath to fit everyone's needs. These acrylic baths are available in two shapes: rectangle and oval.

 Explore the full line of Underscore baths at [KOHLER.com/Underscore](https://www.kohler.com/Underscore).

# FREESTANDING BATHS

A freestanding bath is a statement piece for the bathroom. They exhibit control with perfect proportions while inviting you to unwind in the depths of the water. Whether you have a taste for the modern or tend to more traditional design, you'll find the perfect bath within our wide breadth of styles.

# *BATH FAUCETS*

Your bath faucet is an essential element in creating a bath space that functions just as exquisitely as it looks. We design our bath faucets to make a stunning statement not only on their own, but also to coordinate and enhance the beauty of your bath—and the bathing experience. From freestanding to alcove baths, we have faucets to fit every installation type and finishes to complement every decor.

# BATH FAUCETS GUIDE

For more information, visit [KOHLER.com/BathFaucetsGuide](https://www.kohler.com/BathFaucetsGuide).

## FAUCET FAMILIES

Our faucet families let you coordinate your entire bathroom with the same style and finish. From a range of sink faucet configurations to showering components and decorative accessories, our collections have the whole space covered.

## INSTALLATIONS

### *Floor-Mount*

- Features an integrated handshower for added convenience
- Single-handle models easily control water temperature and activation
- Carries water up from the floor, keeping the bath's deck uncluttered

### *Deck-Mount*

- Simple to use
- Can be installed on stone, tile, or onto the bath's surface

### *Wall-Mount*

- Conceals piping behind the wall, making only the faucet spout and controls visible
- Keeps deck uncluttered for a clean look

## BATH DRAINS

Select a drain to fit your bath model and a style and finish to complete the overall look of your bathroom. Some bath models require a specific drain, so be sure to check for compatibility.

### *PureFlo™ Drains*

- Ideal for remodeling
- Add a decorative element to the bath
- Choose from a variety of stylish options
- Trim can be changed without accessing in-wall plumbing
- Mix your choice of trim with any of the drains

### *Clearflo Drains*

- Choose from cable-activated, pop-up, toe-tap, and slotted overflow models
- Designed to complement a variety of bathroom styles
- Fit nearly all baths

## WARRANTY

We combine stunning design with steadfast performance to create KOHLER® bathroom faucets. As tough as they are beautiful, they're leak-free and on-task, standing up to twice the industry standard. Choose a KOHLER faucet, and count on a lifetime of practical beauty. Visit [KOHLER.com/Warranty](https://www.kohler.com/Warranty) for full warranty details.

# FLOOR-MOUNT FILLERS

Bath fillers mounted on the floor beside the bath feature an integrated handshower for added convenience. Single-handle models let you control water temperature and volume with ease. Most freestanding bath fillers require a mounting block to install. Please visit [KOHLER.com/FloorMountFillers](http://KOHLER.com/FloorMountFillers) for details.

# *STYLING SPACE*

At Kohler we offer everything you need to create a stylish, functional and efficient vanity area. Choose sinks, storage, faucets, mirrors, medicine cabinets, lighting, hardware, and accessories for a cohesive, complete solution.

Whether you're looking to add efficiency to your morning, desiring a vanity where you can sit and pamper yourself, or hoping to make a design statement, the breadth of product options lets you personalize the look and function to your style and needs.

# STYLING SPACE GUIDE

For more information, visit [KOHLER.com/StylingSpaceGuide](https://www.kohler.com/StylingSpaceGuide).

Styling spaces are the most multifunctional spaces in the bathroom, accommodating everything from simply washing your hands to your full morning routine with hair styling and makeup application. Most people begin by choosing either a vanity or pedestal sink and building the styling space around it. Below are a few considerations to help you decide which is right for you.

## PEDESTAL-CENTRIC

The pedestal sink is often chosen for powder rooms where space may be limited and storage is less of a concern. Dual pedestal sinks can be an elegant choice for master bath styling spaces as well.

View pedestal sinks on page 147.

## VANITY-CENTRIC

Going with a vanity makes the most sense when designing your primary styling space or one that is shared by multiple people. Ample storage and organization options simplify and elevate both your morning and evening rituals.

View vanities beginning on page 113.

# *VANITIES*

Bring the beauty of fine furniture and the organization of accessorized storage to your bathroom with KOHLER® vanities. With a place for everything, you'll be able to quickly find your toiletries and extra linens in no time.

We offer a wide variety of storage solutions. Our vanity and coordinating accessories let you personalize the space so it works with your routine, your life. Practical and beautiful, our vanities ensure every hair dryer, toothbrush, and tube of lipstick has a place of its own.

# VANITIES

For more information, visit [KOHLER.com/Vanities](https://www.kohler.com/Vanities).

## Choose Your Style

The inspiration behind KOHLER® vanities is rooted deeply in a history of American designs—from Shaker-style influences to midcentury modern. So whether you have traditional tastes or are looking for sleek, modern decor, Kohler has you covered.

Poplin®

Damask®

Jute®

Jacquard®

Marabou®

## Choose Your Size & Configuration

From small powder rooms to the master bathroom, choose the right configuration for the look you want. Sizes run from 24 inches all the way up to 60 inches. Visit [KOHLER.com/Vanities](https://www.kohler.com/Vanities) to explore the possibilities.

24"

30"

36"

48"

60"

## Accessorize Your Vanity

KOHLER® vanities are designed to bring smart, personalized storage to your vanity space. In-drawer storage makes organizing makeup a snap and optional electrical outlets keep hair dryers and electric toothbrushes off the counter. Finish your look with either KOHLER vanity hardware or hardware from our line-matched faucet families.

## Choose Your Vanity Finish

From traditional to modern, choose the finish that best showcases your personality and ties the room together.

# TRESHAM® VANITIES

Tresham vanities bring elegance and style to your bath or powder room. The simple Shaker-style design features a double-paneled door for attractive and convenient storage. In the 30" and 36" models, a single drawer front conceals a split drawer for added storage and organization. Coordinate the Tresham vanities with the full Tresham bathroom collection for clean-lined classic design.

# *VANITY TOPS*

If you've chosen a vanity, you'll need to find a coordinating vanity top to complete the look. We have designed our vanity tops in ceramic, enameled cast iron, and solid surface to match exquisitely with our vanities. Installation options include one-piece integrated countertops and sinks, as well as pairing a countertop with an undermount, drop-in, or vessel sink.

# VANITY TOPS GUIDE

For more information, visit [KOHLER.com/VanityTopsGuide](https://www.kohler.com/VanityTopsGuide).

## IRON/IMPRESSIONS®

Enameled cast iron vanity-top sinks feature incredibly rich color with a high-gloss finish. Durable and easy-to-clean, Iron/Impressions vanity-top sinks have gently sloping, elegant lines.

### Sizes

### Basin Shapes

### Colors

## SOLID/EXPRESSIONS®

Our solid-surface countertops are designed to coordinate with KOHLER® vanities. They pair beautifully with KOHLER Verticyl® Rectangle and Verticyl® Oval undermount sinks, can be trimmed to fit other sinks, or used as a solid countertop without cutouts.

### Sizes

### Basin Shapes\*

### Optional Trim

\*Oval cutout fits all KOHLER 17" x 14" oval undermount bathroom sinks. Tops with cutouts have sculpted edges. Tops with no cutout have straight edges.

### Colors

## HOLE CONFIGURATIONS

KOHLER® vanity-top sinks are available with predrilled single-hole or widespread configuration options to accommodate a variety of faucets. Solid/Expressions® vanity tops have pilot holes for single, 4" centerset and 8" widespread faucet holes.

*Single-Hole*

*4" Centerset*

*8" Widespread*

# *LIGHTING*

Introducing KOHLER® lighting: bold, original collections that share the brilliant style and enduring strength that have become synonymous with the KOHLER name. With fine craftsmanship and elevated design, we are devoting ourselves to a level of quality unmatched in the industry. By shaping the new standards for lighting, we are creating pieces that last.

# LIGHTING GUIDE

# *SINKS*

Traditional to contemporary, pedestal to undermount, ceramic to glass, and White to Midnight Floral™—our sinks are a perfect fit in any bathroom. Whether you're building or remodeling, with Kohler it's easy to find unique design solutions that are right for you. Our sinks are easy to install, crafted from the finest materials, and available in a range of colors that invite you to personalize your space.

# SINKS GUIDE

For more information, visit [KOHLER.com/BathroomSinksGuide](https://www.kohler.com/BathroomSinksGuide).

## INSTALLATION TYPES

### Undermount

- Mounts beneath the counter to create a seamless counter-to-bowl transition
- Ideal for those replacing a countertop
- Easy to clean from counter to bowl

### Drop-In

- Features a lip that sits on the countertop
- Ideal for remodeling, drop-in sinks can easily be retrofitted into your existing counter

### Vessel

- Rests on top of the counter
- A popular choice for powder rooms
- Wading Pool® sinks accentuate the movement of water

### Wall-Hung

- Mounts directly on the wall using brackets
- Creates a clean, streamlined look
- Saves space in small bathrooms
- Frequently used in universal-design bathrooms

### Pedestal

- Ideal for a small space or powder room
- Features a generous bowl size and ample deck space for soap and grooming essentials
- The narrow base saves floor space
- Available in a range of sizes

### Console Table

- Attractive and practical bathroom solution with a rail for towels

## HOLE CONFIGURATIONS

KOHLER® sinks have multiple hole configuration options to accommodate a variety of faucets.

### No Faucet Drilling

Hole configuration options vary by model.

### Single-Hole

### 4" Centerset

### 8" Widespread

## MATERIALS & COLORS

### Glass

Artist Editions® glass sinks are handcrafted in our glass studio in Kohler, Wisconsin, and are available in a variety of opaque and translucent colors. Color options vary by sink model.

### Vitreous China

Vitreous china sinks are fired to be highly durable and easy to clean. Colors match perfectly across all bathroom fixtures, whether vitreous china or enameled cast iron.

### Enameled Cast Iron

No other material offers the character and craftsmanship of KOHLER® enameled cast iron. Built to last for generations, it makes an enduring statement of beauty in your home with strength, style, and soul. Visit [KOHLER.com/Warranty](https://www.kohler.com/Warranty) for full warranty details.

# UNDERMOUNT SINKS

These sinks mount beneath the counter to create a seamless counter-to-basin transition. Sleek style and ease of cleaning give this installation type its appeal.

# ARTIST EDITIONS® SINKS

## Glass

A substance that is as inspirational as it is rooted in daily life, glass has a versatile, fluid nature that lends itself to artistic expression. Our glass sinks are crafted by our own small team of artisans in Kohler, Wisconsin, with a precision that rivals watchmaking.

### TRANSLUCENT

(B11) (TG1) (TG2) (TG3) (TG6) (TG7) (TG8)

### OPAQUE

# ARTIST EDITIONS® SINKS

## Shagreen Design

Inspired by oil spot glazes, the Shagreen collection celebrates the subtle coloring and distinctive pebbled texture of natural shark and ray leather. A striking complement to both Carillon® and Caxton® bathroom sinks, its rich glazed finish shows iridescent pearly tones and a gently granulated texture.

Oyster Pearl (SSP)

Ebony Pearl (TB2)

Shagreen on Carillon Round Wading Pool® vessel bathroom sink K-77714-SSP  
Purist® single-handle sink faucet K-14402-4A-RGD

## Sartorial™ Design

The Sartorial collection exemplifies elegance etched with artistry. Available in two distinct designs, Sartorial pays homage to two of the most iconic textile patterns of their eras—Herringbone and Paisley. Herringbone strikes a retro-nouveau note while Paisley draws upon its timeless Persian charm. Pair either design with Carillon® or Caxton® bathroom sinks.

# *SINK FAUCETS & ACCESSORIES*

Our faucets and accessories allow you to design bathrooms that are tailored expressions of your personal style. It's simply a matter of settling on a design and finish that's right for you and choosing the components you'll need. We've done the rest of the legwork for you.

We take the extra time to precision-engineer each element of every faucet, from design to manufacture. To ensure KOHLER quality, our faucets are hand-inspected and tested well beyond the industry's most rigorous standards.

 For more information, visit  
[KOHLER.com/BathroomFaucetsGuide](https://www.kohler.com/BathroomFaucetsGuide).

# FAUCETS GUIDE

For more information, visit [KOHLER.com/Accessories](https://www.kohler.com/Accessories).

## FAUCET FAMILIES

Our faucet collections let you coordinate your entire bathroom with the same style and finish. From a range of sink faucet configurations to showering components and decorative accessories, our collections have the whole space covered.

## CONFIGURATIONS

### Single-Handle Faucets

- Control water volume and temperature with a single handle
- Designed for sinks with a single hole
- Suitable for sinks with three holes when installed with escutcheon plate

### Centerset Faucets

- The spout and handles make up one connected piece
- Compact and space-efficient design is ideal for small spaces
- Fit sinks with three faucet holes that measure 4" from one side to the other

### Widespread Faucets

- A great addition to larger vanity areas and pedestal sinks
- Feature UltraGlide® valves with dry-stem technology to prevent leaks
- Require three faucet holes that measure 8" to 16" from one side to the other

### Vessel Faucets

- Known as Tall or Tower models
- Designed to accommodate KOHLER® vessel sinks

### Wall-Mount Faucets

- Mounted on the wall behind the sink
- Ideal for above-counter, wall-mount, and undermount sinks
- Helps keep the countertops clear

## ACCESSORIES

### Decorative Accessories

- Includes towel bars, robe hooks, towel rings, toilet tissue holders, and more
- Line- and finish-matched to faucet collections

### Grab Bars

- Available in a range of sizes, from 9" to 48", to fit your space
- Provide extra support where you need it

### Cabinet Hardware

- Cabinet knobs and drawer pulls that coordinate with your style
- Available in finishes to match your faucets

## WATER SAVINGS

Most of our bathroom sink faucets carry the WaterSense® label. This means they use at least 45% less water than standard 2.2 gpm faucets while still meeting strict performance guidelines.

## WARRANTY

We combine stunning design with steadfast performance to create KOHLER® bathroom faucets. As tough as they are beautiful, they're leak-free and on-task, standing up to twice the industry standard. Choose a KOHLER faucet and count on a lifetime of practical beauty. Visit [KOHLER.com/Warranty](https://www.kohler.com/Warranty) for warranty details.

# *CURATED COLLECTIONS BY KOHLER*

## *Designed to Be Designed*

Curated collections are unique in that they allow for the pairing of a spout with any set of handles and a finish within the collection to create a signature look. Kohler currently offers two curated collections: Artifacts® and Components... Each is distinct in its look and feel, and will match any decor from modern to traditional. Curated collections. Created by Kohler. Designed by you.

# ***MEDICINE CABINETS & MIRRORS***

KOHLER® medicine cabinets and mirrors are stylish, sophisticated, and well-crafted. Giving you added organizational space and shadowless lighting, our Verdera® lighted medicine cabinets and mirrors make grooming tasks easier than ever before. Choose between our storage-rich medicine cabinets and coordinating mirrors.

Filled with convenient features like adjustable shelves and mirrored interiors, our medicine cabinets are rust-resistant and designed to complement your space and organizational needs—flawlessly.

Mirrors can introduce a bold design statement into your space or be a subtle reinforcement of your existing design. A simple solution when extra storage isn't a requirement, our lighted mirrors offer optimally bright, even lighting and are available in several sizes and styles that will make you see your bathroom in a whole new light.

# MEDICINE CABINETS & MIRRORS GUIDE

For more information, visit [KOHLER.com/MirrorsGuide](https://www.kohler.com/MirrorsGuide).

## INSTALLATION TYPES

KOHLER® medicine cabinets come in two installation types: surface-mount and recessed. Our variety of dual-mount medicine cabinets can be installed either surface-mount or recessed.

### Surface-Mount

The cabinet mounts to your wall, no cutting required. Side kits are recommended for a polished look.

### Recessed

The cabinet installs between the studs in your wall. You'll need to cut into the wall to install and build the cabinet framework.

### Dual-Mount

Note that some medicine cabinets can be installed either surface-mount or recessed.

## SIZES

To ensure the proper fit for your medicine cabinet or mirror, begin by measuring the width of your vanity. Typically your medicine cabinet or mirror should be narrower or the same width as the vanity.

To determine the height, measure the distance between your lights and faucet. Choose a size that provides clearance above the faucet and below the lights.

Integrated lighting can replace sconces to widen the mirror over the vanity.

Medicine Cabinet Mirror Size (Width)	Coordinating Vanity Sizes			
15"	20" single-basin	24" single-basin		
15" (two)	60" double-basin	72" double-basin		
20"	20" single-basin	24" single-basin	30" single-basin	
24"	24" single-basin	30" single-basin	36" single-basin	
34"	36" single-basin	48" single-basin	60" single-basin	72" double-basin
40"	48" single-basin	60" single-basin	72" double-basin	

Lighted medicine cabinets are available in sizes 20"–40".  
Lighted mirrors are available in sizes 24"–40".

## ADDITIONAL CONSIDERATIONS

### Verdera® Voice Lighted Mirror With Amazon Alexa

- Amazon Alexa-enabled to play music and the news, check weather, control smart home devices, and more
- Well-designed seamless integration of Amazon Alexa minimizes clutter and delivers optimal interaction

### Lighted Medicine Cabinets & Mirrors

- Verdera lighted medicine cabinets and mirrors deliver bright, even lighting exceptionally close to natural light
- Verdera Voice lighted mirror with embedded voice-control transforms your time in the bathroom from hands-on to hands-free

### Adjustable Mirror

- Select Verdera cabinets feature an adjustable magnifying mirror option
- Slides up and down to accommodate people of different heights
- Lays flat on the door when not in use

### Framed Mirrors & Medicine Cabinet Surrounds

- Kohler offers a variety of mirrors with decorative frames in select sizes
- Framed mirrors and medicine cabinet surrounds are available to match the style and finish of KOHLER® vanities

### Medicine Cabinet Side Kits

- Provide a finished look to surface-mount medicine cabinets
- Available for all surface-mount medicine cabinets and included with CL Series, Maxstow®, Archer®, and Bancroft® medicine cabinets; and decorative silver and Oil-Rubbed Bronze framed medicine cabinets
- Choose from a range of finishes that match KOHLER vanities.

### Joining Kit

- Cabinets can be grouped or joined together
- Simplifies process of joining together multiple medicine cabinets horizontally
- Compatible with Verdera, CL Series and Catalan® medicine cabinets

### Adjustable Hinged Shelves

- Most cabinets can be installed with the hinges on the left or the right, which will determine door swing orientation
- Optional slow-close hinges prevent slamming
- Select models feature adjustable shelves for personalized storage needs

# *TURKISH BATH LINENS*

Spoil yourself with our line of plush Turkish Bath Linens, made of 100 percent Turkish cotton. The collection includes towels in a range of sizes along with a bathrobe and bath rug. And, with three patterns available in four classic shades, these plush Turkish Bath Linens will no doubt become one of your bathroom essentials.

# TURKISH BATH LINENS

## GET COZY WITH KOHLER

Wrap yourself in the plush warmth of an authentic Turkish cotton towel. Turkish towels (sometimes called peshtemal, hammam, or fouta towels) are crafted from 100 percent Turkish cotton, which is known for its premium feel and extra-long fibers. Kohler has you covered with five sizes of towels within the collection, including large bath sheets, bath towels, hand towels, and wash cloths.

### Three woven patterns

KOHLER® Turkish Bath Linens are crafted in Turkey and are offered in three classic patterns: Terry, Textured, and Tatami. The Tatami pattern mimics the woven straw mats sometimes used as floor covering in traditional Japanese design. This towel pattern is only available from Kohler.

#### Terry

Woven with long, thick terry cloth loops with a rich 700-gram weight that creates a luxurious drape.

#### Textured

A waffle weave offers luscious texture with extra-long staple cotton for optimal absorbency.

#### Tatami

Inspired by traditional Japanese designs, this pattern perfectly balances bold lines with minimalist appeal for distinctive style and rich texture.

### Four classic shades

#### White

Clean and crisp, it is a perfect fit for any style.

#### Dune

A subtle, neutral shade that lends a calm, soothing feel to any space.

#### Truffle

Quiet, yet compelling, it adds depth to the room.

#### Thunder™ Grey

A deep gray makes a statement in traditional, contemporary, or transitional settings.

Turkish Bath Linens bath sheet with Tatami weave K-31506-TA-TRF

### Bathrobe

Slip into a plush KOHLER® bathrobe. Available in White and crafted from 100 percent Turkish cotton.

### Bath Rug

Stay comfortable stepping out of your bath or shower with a premium bath rug.

# BENTE® ACCESSORY COLLECTION

The Bente accessory collection enhances the beauty and organization of the bathroom countertop space. Delight in the details of your home with Kohler.

## Textures

Each piece was thoughtfully designed to nest together or be used individually in a multitude of spaces throughout the home. Borrowing from popular patterns within the Artist Editions® collection, unique material elements, including light oak and genuine leather, and finishes are beautifully incorporated into these vitreous china countertop accessories.

### White Herringbone

The Herringbone pattern strikes modern, geometric notes and complements both transitional and contemporary spaces.

### Shagreen Oyster Pearl

The Shagreen Oyster Pearl pattern features iridescent pearly tones and a gently granulated texture.

### Shagreen Ebony Pearl

The Shagreen Ebony Pearl pattern celebrates the subtle coloring and distinctive pebbled texture of natural shark and ray leather.

# *TOILET SPACE*

At Kohler, we take toilets to the leading edge of design and performance. No detail is overlooked in our mission to delight customers with styles and colors to match their decors along with technologies and innovations for a cleaner and more convenient experience. Browse the following pages to discover what Kohler has to offer and find the perfect toilet for your needs and space.

# *TOILETS*

## **WE THINK ABOUT TOILETS, SO YOU DON'T HAVE TO.**

Making the highest performing and most innovative toilets is always top of mind for us. Because we believe the people who buy them shouldn't have to give them a second thought.

### *Better flush. Cleaner bowl.*

Revolution 360® flushing technology sends 360 degrees of water through the bowl, leaving nothing behind.

### *Self-clean is the best clean.*

Automatically fight germs, grime, and stains with every flush. ContinuousClean technology keeps your toilet clean five times longer\*, so you can spend more time doing what you love.

### *Forget about clogs.*

Don't give clogs a second thought with the powerful flush of AquaPiston® technology. It clears even the toughest backups, giving you a lifetime of worry-free performance.

### *Clean easy.*

Fewer nooks and crannies make our toilets with skirted and concealed trapways easier to clean.

### *Discover what you've been missing.*

Welcome to a more advanced clean. KOHLER® intelligent toilets offer everything from personalized warm-water cleansing to warm-air drying and automatic flushing. So you can feel your most comfortable.

\*KOHLER toilet with ContinuousClean compared to KOHLER toilet without ContinuousClean. Based on consumer perception study and bacterial counts.

For more information, visit  
[KOHLER.com/Toilets](https://www.kohler.com/Toilets).

# *PERFORMANCE. GUARANTEED.*

We never compromise on toilet performance—we guarantee it. We take great pride in the powerful, clean, and plug-free flush of our toilets and the performance of our cleansing toilet seats.

We offer a money-back guarantee on KOHLER® toilets. If you are unsatisfied with your toilet, we'll replace it. That's a no-worry purchase.

For more information, visit [KohlerToiletSatisfaction.com](https://www.kohler.com/toilet-satisfaction).

Applies only to toilets purchased through registered showrooms with a valid Kohler account number. Does not apply to retail, KOHLER.com, or other ecommerce online purchases.

# TOILETS GUIDE

For more information, visit [KOHLER.com/Toilets](https://www.kohler.com/Toilets).

## TOILET TYPES

### *Intelligent Toilets*

Offering superior comfort and bidet cleansing, intelligent toilets simply deliver a better experience, from top to bottom. From heated seats and warm-water cleansing to automated flushing, hands-free features, and more, our intelligent toilets help redefine one of life's most basic rituals.

#### **Leading-Edge Design**

Intelligent toilets feature an innovative streamlined or sleek design that makes a stunning style statement.

#### **Dynamic Cleansing**

A warm-water wand and precision air dryer provide personalized cleansing.

#### **Personalized Comfort**

Temperature, cleansing settings, and more can be controlled with an intuitive touch-screen remote.

### *One-Piece*

One-piece toilets are crafted from one single piece of ceramic, so the bowl and tank are integrated. This eliminates the seam between the bowl and tank, which means the toilet is easier to keep clean. Many of our one-piece toilets feature a compact elongated bowl, so they occupy the same amount of space as a round-front toilet, but they provide the comfort of an elongated bowl. Whether it features a concealed or skirted trapway, each one-piece toilet comes with the seat included.

### *Two-Piece*

This is the most common type of toilet, and it offers great value. A separate tank and bowl are assembled together. Many of our two-piece toilets feature a sanitary guard, which is a raised piece of ceramic on the bowl where the tank and bowl meet. This helps prevent dirt and grime from collecting beneath the tank. Bowls are also available with concealed or skirted trapways, and seats are sold separately.

### *Wall-Hung*

Ideal for bathrooms with a limited footprint, wall-hung toilets feature a sleek, easy-to-clean design. With a hidden in-wall tank, only the bowl and flush plate are mounted to the wall, resulting in a streamlined profile that simplifies cleaning and saves up to 12" of space over standard floor-mount toilets.

# TOILETS GUIDE

For more information, visit [KOHLER.com/Toilets](https://www.kohler.com/Toilets).

## TOILET LENGTHS

### *Elongated Bowl*

- Fits most residential spaces
- Provides added room and comfort for seating

### *Compact Elongated Bowl*

- Fits the elongated bowl into the space of a round-front toilet
- Saves up to 10 percent more space than an elongated bowl
- Offers added room and comfort for seating compared to a round-front toilet

### *Round-Front Bowl*

- Requires less space
- A good solution for small spaces

## SEAT HEIGHTS

### *Standard Height*

- Traditional-height toilets are ideal for small statures
- Low-profile models are perfect for small spaces

### *Comfort Height*

- Sit at chair height – approximately two inches higher than standard-height toilets
- Makes standing and sitting easier
- Many are ADA-compliant when installed per applicable guidelines

### *Tall Height*

- Kohler's tallest toilet at a full 2" taller than a Comfort Height toilet
- Provides ultimate accessibility and ease of use

### *Custom Height*

- Wall-hung toilets can be positioned at a custom height from 15<sup>3</sup>/<sub>8</sub>" to 28<sup>1</sup>/<sub>2</sub>" to accommodate a range of statures
- Raised bowl allows cleaning underneath

## TRAPWAY STYLES

### *Skirted Trapway*

Offers an easy-to-clean smooth surface from front to back.

#### **ReadyLock® Installation**

We make it easy to enjoy the clean design of a skirted toilet. Our innovative, patented installation system doesn't require drilling, caulk, or special tools, and it offers a secure installation.

### *Concealed Trapway*

Features a smooth trapway surface that's easy to wipe clean.

#### **Clean Caps® Bolt Caps**

Clean Caps low-profile toilet floor bolts and caps make it easier to clean even the hardest to reach areas of the toilet. Offered on all concealed trapway toilets, or sold separately as individual kits.

### *Exposed Trapway*

Traditionally designed exposed trapways can be seen from the side of the toilet.

#### **Standard Bolt Caps**

Exposed trapway toilets are fitted with standard caps to cover the bolts that attach the toilet to the floor.

# TOILETS GUIDE

For more information, visit [KOHLER.com/Toilets](https://www.kohler.com/toilets).

## FLUSH TYPES

### Single-Flush

- The AquaPiston® flush engine flushes over two pounds of bulk waste—four times more than is needed for the average adult—to eliminate clogs
- Most single-flush toilets save water by using only 1.28 gallons of water per flush
- Revolution 360® swirl flushing technology keeps your bowl cleaner two times longer than a conventional flush

### Dual-Flush

- Buttons or levers offer the choice between a half or full flush
- Saves water by using as little as 0.6 gallons of water for a light flush and up to 1.6 gallons for a full flush

## BOLD PERFORMANCE

### BOLD Performance Testing Metrics

- B** Bulk waste removal—KOHLER® toilets flush of two pounds of waste, which is four times more than the average person needs
- O** Overall Cleanliness—KOHLER toilets deliver 50 percent more rinsing power than previous models for a better clean
- L** Light waste removal—KOHLER toilets are engineered to optimize the exchange of water in the bowl and remove light waste, leaving virtually nothing behind
- D** Does not clog—KOHLER toilets are engineered to handle two times more toilet paper than the average person needs

## COLORS

KOHLER® toilets are available in an array of colors.

White (0)      Dune (NY)      Biscuit (96)      Almond (47)      Ice™ Grey (95)

Sandbar (G9)      Cashmere™ (K4)      Thunder™ Grey (58)      Black Black™ (7)

## OTHER CONSIDERATIONS

### Rough-In

Most bathrooms have a standard 12" rough-in (the measurement between the wall and outlet pipe). We also offer 10" and 14" options.

### WaterSense®-Labeled Toilets

WaterSense toilets meet strict EPA flushing guidelines, including using at least 20 percent less water than 1.6-gallon toilets. Look for the WaterSense label as you shop.

### Shop by Style

Our product sections are organized by style—each section beginning with traditional and ending with modern designs.

# INTELLIGENT TOILETS

Once you experience an intelligent toilet, you'll discover what you've been missing. A warm seat relaxes you, a soft spray cleanses you, a gentle breeze dries you. And you feel a cleaner kind of clean. It's a must-have for the modern spa bathroom experience. Every KOHLER® intelligent toilet includes:

- Motion-activated, hands-free opening and closing of cover and an automatic flush
- Advanced cleansing functionality with self-cleaning wand, precision air dryer, and deodorizing filter
- Touch-screen remote control with wall-mount docking station
- Warm-air drying system with adjustable temperature settings and heated seat
- One-piece design
- LED lighting to illuminate the bowl and conveniently serve as a nightlight

# AVOIR™ TANKLESS TOILET

Every detail of the Avoir tankless toilet has been thoughtfully designed to perfectly balance meaningful functionality with inspired aesthetics, delivering a statement piece for the bathroom. Blending leading-edge design with the latest flush technology, the Avoir tankless toilet is unlike anything before it.

## *The Beauty of Innovation and Design*

Elegant simplicity and innovation blend together to set Avoir apart, creating a legendary experience that complements any bathroom.

## *Quad-Jet Technology*

Kohler's new, innovative tankless flushing platform combines rim-jet swirl flushing technology with a Quad-Jet flush engine for a powerful flush.

## *Custom Flush Options*

Upgrade your flush experience with the optional wireless remote actuator. This technology allows for placement anywhere in the bathroom, putting control where you need it. The manual flush button is concealed on the side of the toilet for functionality that seamlessly blends into the smooth, skirted toilet design.

# BETTER FLUSH. CLEANER BOWL.

## ContinuousClean

ContinuousClean technology automatically fights grime, germs, and stains with every flush to keep your bowl cleaner five times longer than a conventional flush.\*

## Revolution 360

Available on select models, Revolution 360 swirl flushing technology sends water around the entire bowl for complete coverage that leaves nothing behind.

## CleanCoat

CleanCoat surface treatment prevents nasty things like bacteria, mildew, and mineral deposits from sticking, so your toilet stays clean longer.

## A Better Flush Gives You a Clean Bowl

Combined, these technologies give you our cleanest flush yet.

\*KOHLER® toilets with ContinuousClean versus KOHLER toilets without ContinuousClean, based on bacteria counts and consumer perception study.

## Set Up ContinuousClean in Three Simple Steps

On select toilets, ContinuousClean technology is factory-installed and built into the tank. Setup is quick—just follow the three steps below. And once you set it up, you don't have to worry about it again until the light indicates you need new cleaning tablets. ContinuousClean gives you a truly self-cleaning toilet because there are no buttons to push. It simply cleans automatically and consistently with every flush.

### Step 1: Insert two toilet bowl cleaning tablets

All you need are two puck-style toilet cleaning tablets of your choice. Once you access the inside of the tank, open the blue reservoir and place the two cleaning tablets inside. Two cleaning tablets cost approximately \$6, are widely available in retail stores and online, and have a lifespan of approximately one year.

### Step 2: Set the dial

Three settings let you decide how much cleaning power goes into each flush:

- ☑ is the recommended dose of cleaning agent
- is less cleaning agent
- + is more cleaning agent

### Step 3: Look for the blue light

ContinuousClean comes with two AAA batteries, so there are no cords to worry about. The batteries power the LED indicator light that lets you know the system is working. After inserting the batteries and the tablets, look for a blue pulse (one second in duration) that indicates the system is working properly and cleaning solution is being delivered.

### Corbelle® Comfort Height

ELONGATED TOILET WITH SKIRTED TRAPWAY AND REVOLUTION 360 FLUSHING TECHNOLOGY  
1.28 gpf | K-3814

# *TOILET SEATS*

We design toilet seats with the same thoughtful care and innovative drive we put into all of our products—always with the aim to make your experience more comfortable and your home more beautiful. From guiding you in the night to providing warm-water cleansing, our toilet seats bring smart solutions to the bathroom.

## *Smart*

Our smart seats go well beyond the standard toilet seat in bringing comfort and cleanliness to your experience. Personal cleansing and deodorizing features give you added confidence throughout the day, while LED lights keep you safe at night.

## *Quick & Quiet*

Unique installation features make KOHLER® toilet seats fast and easy to install the first time and each time you want to remove and reinstall the seat for thorough cleaning. And we know how frustrating slamming seats can be, so we've designed a slam-proof feature as well.

## *Secure*

We design our seats to fit you and your family comfortably and to fit the toilet securely. So whether it's rubber bumpers to grip the bowl tightly or a seat that's designed for both adults and children, we have you covered.

# TOILET SEATS GUIDE

For more information, visit [KOHLER.com/ToiletSeats](https://www.kohler.com/ToiletSeats).

## UPGRADED FEATURES

All KOHLER® toilet seats are ergonomically designed to provide comfort and style. Our smart seats offer a range of additional features, from deodorizing options to enhanced personal hygiene, depending on the model.

### *Cleansing*

Toilet seats with personal cleansing functionality feature naturally soothing water as a refreshing alternative to toilet tissue alone.

### *Purefresh®*

A carbon filter, intuitive fan, and scent pack located in the seat's hinge neutralize bathroom odors while filling your room with a light, fresh scent.

### *PureWarmth®*

Treat yourself to the soothing comfort and ambience of the PureWarmth heated toilet seat with LED nightlight.

### *Nightlight*

Featuring two LED lights, lighted toilet seats help guide you to your toilet in the dark and illuminate the bowl when the lid is lifted.

## CONVENIENT FEATURES

### *Quiet-Close™*

Quiet-Close technology prevents the lid and seat from slamming.

### *Quick-Release™*

Quick-Release hinges let you easily remove the seat for a thorough cleaning.

### *Grip-Tight*

Grip-Tight rubber bumpers keep the seat from shifting.

## SEAT SHAPES

### *Elongated*

- Fits elongated and compact elongated toilets
- Provides added room and comfort for adults

### *Round-Front*

- Requires less space
- A comfortable solution for children or small statures
- Compatible with round-front toilets

## COLORS

Select KOHLER® toilet seats are available in the following nine colors. Our seats and toilets are perfectly color-matched to provide a seamless look.

# CLEANSING SEATS

Discover the toilet seats that are changing the bathroom experience. Once you experience them, you'll wonder how you ever lived without one. It's a cleaner kind of clean, and a whole new kind of comfort. The soft, soothing spray of the bidet functionality cleanses you like toilet tissue alone never could. Add the welcoming warmth of a heated seat and the gentle drying, and you will feel confident and refreshed. We guarantee the performance of our cleansing seats. In fact, if your KOHLER® cleansing seat doesn't perform to your satisfaction within 180 days, we'll help you find a replacement or provide a refund. For more details, visit [KohlerToiletSatisfaction.com](http://KohlerToiletSatisfaction.com).

# PUREWARMTH® TOILET SEAT

## PureWarmth

HEATED TOILET SEAT  
Elongated | K-10349  
Round-front | K-10515

### Customize Your Comfort

Treat yourself to the luxurious comfort and soothing ambience of the PureWarmth heated toilet seat with LED nightlight. With PureWarmth, you can adjust the seat's heat level and lighting color/brightness just the way you like.

- Three adjustable temperature settings
- Nightlight is adjustable in a variety of colors and brightness levels
- Compatible with the KOHLER® PureWarmth app to adjust seat warmth, lighting brightness, color choice, and set daily schedule
- Hidden cord provides a clean look

## PureWarmth at a Glance

### App Compatibility

Compatible with the KOHLER PureWarmth app to adjust seat warmth and lighting brightness to your daily schedule.

### LED Lighting

Dual LED lighting offers guiding light when lid is down and task light when lid is lifted.

### Heated

Heated toilet seat includes three adjustable temperature settings for ultimate comfort.

## Purefresh®

DEODORIZING TOILET SEAT  
Elongated | K-5588  
Round-front | K-5589

### The Sweet Scent of Victory

Our Purefresh toilet seat combines a deodorizer to neutralize odors and a built-in freshener that releases a light scent. We never compromise when it comes to clean. Why should you?

- A carbon filter deodorizing system is concealed in the seat's hinge
- Battery-operated; no cords or outlets required
- Quiet fan moves fresh air over the scent pack, emitting a subtle fragrance
- Easily replace batteries, carbon filter, and scent pack without removing the seat
- Integrated nightlight with automatic eight-hour cycle
- Choose from Garden Waterfall, Soft & Fresh Laundry, or Avocado Spa scents

## Nightlight

TOILET SEAT

### Easy on the Eyes

The dual LED lighting on nightlight seats provides optimal light intensity for guidance without disturbing your nighttime vision.

- Choose between three brightness levels
- Color-matched plastic hinges
- Dual LED lighting includes guiding light when lid is down and task light when lid is lifted
- Illumination cycle with automatic ten-hour nightlight
- Battery-operated—no electrical cords required
- Up to 12 months of battery life (uses four AA batteries, not included)

### Reveal® Nightlight Quiet-Close™

TOILET SEAT

Elongated | K-75792 (shown)  
Round-front | K-75793

### Cachet® Nightlight Quiet-Close

TOILET SEAT

Elongated | K-75796 (shown)  
Round-front | K-75758

For more information, visit [KOHLER.com/Nightlight](https://www.kohler.com/Nightlight).

## Transitions® Nightlight Quiet-Close

TOILET SEAT  
Elongated | K-2599

### Two Seats in One

The Transitions toilet seat with integrated child seat is designed to accommodate both adults and children without requiring separate toilet seats.

- Easy for children to use
- Won't slam down on little fingers
- Nightlight guides you in the dark
- Quick-Release™ functionality makes it easy to clean
- Ideal for potty training

For more information, visit [KOHLER.com/Transitions](https://www.kohler.com/Transitions).

# TOILET SEATS

To coordinate with toilets, toilet seats come in elongated and round-front shapes. You'll want to be certain your seat coordinates with the shape of your toilet. Consider a Quiet-Close™ seat with convenient features that simplify installation and cleaning, and prevent shifting and slamming.

*Cachet® Quiet-Close*

TOILET SEAT

Elongated | K-4636 (shown)  
Round-front | K-4639

*Glenbury™ Quiet-Close*

TOILET SEAT

Elongated | K-4733

*French Curve®*

TOILET SEAT

Elongated Quiet-Close | K-4713 (shown)  
Round-front | K-4663

*Reveal® Quiet-Close*

TOILET SEAT

Elongated | K-4008 (shown)  
Round-front | K-4009

The Reveal seat combines transitional styling and advanced technology. The overhanging lid completely conceals the seat ring, creating a sleek, unified appearance.

*Transitions® Quiet-Close*

TOILET SEAT

Elongated | K-4732

Transitions is designed to accommodate the needs of both adults and children without requiring separate toilet seats.

\*Memoirs console table legs are available in -CP, -BN, -BV, and -2BZ finishes.

### *Acrylic*

A strong, flex-resistant material, acrylic has a smooth finish that resists chipping and cracking, and is easy to clean. KOHLER® acrylic baths and shower bases carry a Lifetime Limited Warranty.\*

### *Centerset Faucet*

Compact and space efficient, a centerset faucet fits three-hole sink drillings that measure 4" from one side to the other. It often has a connected spout and handles.

### *CleanCoat™ Surface Treatment*

Available on select KOHLER toilets, CleanCoat technology creates a surface that extremely easy to keep clean and prevents bacteria, mildew, and mineral deposits from sticking to the bowl.

### *Concealed Trapway*

This feature provides a clean transition at the back of the toilet base, hiding the trapway for aesthetic and cleanability purposes.

### *Digital Interface*

DTV+™ and DTV Prompt®, digital showering systems feature intuitive electronic controls that allow you to operate and customize your shower experience at the touch of a button.

### *Drop-In*

A drop-in sink or bath has a rim or lip that rests on the counter while the basin or bath rests below. Ideal for remodeling, a drop-in sink can be easily retrofitted to an existing counter.

### *ADA-Compliant*

ADA-compliant products will comply with the Americans with Disabilities Act when installed per the requirements of the accessibility guidelines.

### *Chromatherapy*

Chromatherapy uses lights placed around the bath to infuse the water with color. Choose a repeating sequence of eight hues, or choose the color that suits your mood.

### *Cleansing Toilet Seat*

A soothing, fresh alternative to toilet tissue, a cleansing toilet seat features integrated bidet functionality for a soft, aerated wash.

### *Console Table*

A beautiful accompaniment to KOHLER vanity-top sinks, console tables work well in bathrooms where extra storage isn't essential. Designs range from clean and crisp to intricate and ornate.

### *Digital Showering System*

Our precision-engineered digital thermostatic valves can run and control multiple showering components with digital controls.

### *Dual-Flush*

A water-saving flushing technology that lets you choose either a half flush or full flush.

### *Alcove*

An alcove is a recessed nook or area within a room. Shower bases and baths designed for three-wall alcove installation feature unfinished exteriors and tile flanges on three sides. Many of these baths include an integral apron to complete the design.

### *CleanCoat® Glass Treatment*

This glass surface treatment on KOHLER shower doors makes it easier to remove hard water spots by creating a protective barrier that repels water and prevents dirt and minerals from collecting.

### *Comfort Height® Toilet*

The height of a toilet bowl (with seat) that stands at the same height as a standard chair, measuring between 17" and 19" for maximum comfort and ease when sitting down or standing up.

### *ContinuousClean Technology*

An in-tank compartment houses two cleaning tablets and automatically dispenses a user-defined amount of cleaner with each flush.

### *Diverter Valve*

A diverter valve directs water to multiple outlets, such as to the bath faucet or the showerhead, allowing you to control separate components with just one valve. This valve can be used with a Rite-Temp® pressure-balancing valve or thermostatic and volume control valves.

### *Effervescence*

Effervescence hydrotherapy is designed to move water and air gently through unique ports to create champagne-like bubbles that cling to your skin and pamper your body.

### *Elongated Bowl*

A toilet bowl having dimensions of approximately 14" wide by 18½" long (from the center of the seat hinge holes to the front edge of the outside rim).

### *GPF*

An abbreviation for "gallons per flush," a term used when discussing water consumption for toilets.

### *Handshower*

A great option for the family shower, handshowers can function in place of or in combination with a wall-mounted showerhead. We offer both multi- and single-function handshowers.

### *Integral Flange*

Several baths and whirlpools have an integral flange or flat rim along the edge of the bath that attaches directly to the studs, helping to prevent water from seeping behind the bath, tiles or surround.

### *KOHLER Enameled Cast Iron*

KOHLER enameled cast iron is made in part with recycled material, comes in an array of colors and has a Lifetime Limited Warranty.\*

### *Koverage® Spray*

Koverage delivers a full-face spray for superb rinsing performance. It's featured on Flipside products.

### *Enamel*

A powder coating applied to an iron casting. When exposed to high temperatures, the coating melts and bonds to the casting, creating a glass-like surface. The thickness of KOHLER® enamel provides outstanding protection against chipping and scratching while offering deep color integrity.

### *GPM*

An abbreviation for "gallons per minute," a term used when discussing water flow rates for showerheads and handshowers.

### *Heated BubbleMassage™*

BubbleMassage technology pushes heated air through airjets positioned along the perimeter of the bath, creating thousands of bubbles for a range of tactile and visual sensations.

### *Intelligent Toilet*

KOHLER intelligent toilets offer customizable comfort with features that include personal cleansing, streaming capabilities, automatic deodorization, and heated seats.

### *Komotion® Spray*

One of the four flow options on Flipside®, products, Komotion has a circular pattern for a deeper sense of an exhilarating massage.

### *Kurrent® Spray*

Kurrent, featured on Flipside®, products, eases away aches and pains and revitalizes with a targeted massage spray.

### *Freestanding*

This installation option is ideal when the bath is the focal point of the room. Often accessible from all sides, the freestanding bath highlights the beauty of the design.

### *Grip-Tight Rubber Bumpers*

Located on the underside of the toilet seat, Grip-Tight rubber bumpers grip the bowl to add stability and prevent shifting.

### *Integral Apron*

Some bathtubs fit into a three-wall recess, which is ideal for a bath/shower installation. Many alcove baths include an integral apron that helps make installation hassle-free.

### *Katalyst® Spray*

Katalyst spray is a revolutionary air-induction system that intensifies water's rinsing ability and makes each drop feel bigger and perform better.

### *Kotton® Spray*

Kotton, one of the flow options on Flipside handshowers and showerheads, creates a soft, enveloping sense of relaxation.

### *Lithocast® Material*

Our strong cast resin material allows for geometries with dynamic style that are hand-finished to create crisp detail full of character. Lithocast Gloss has a full spectrum of designs that are lightweight and have an easy-to-clean gloss finish. Available exclusively on the Abrazo® freestanding bath, Lithocast Matte has a finish that captures the beauty of real stone.

### ***MasterClean™ Sprayface***

A MasterClean sprayface resists mineral buildup and makes cleaning easy.

### ***One-Piece Toilet***

A toilet in which the tank and bowl are manufactured as a single vitreous china fixture. Typically, one-piece toilets have a lower profile than two-piece toilets, with some featuring a Comfort Height® bowl.

### ***Pedestal Sink***

A stand-alone fixture, the pedestal sink features a generous bowl available in multiple sizes and styles to complement other fixtures.

### ***Undermount Bath***

The deck of the bath is mounted beneath your choice of deck material, such as tile, solid surface, or natural stone.

### ***Undermount Sink***

These sinks mount beneath the counter to create a seamless counter-to-basin transition. Sleek style and ease of cleaning give this installation type its appeal.

### ***Vanity-Top Sink***

Designed to coordinate with KOHLER vanities and console tables, vanity-top sinks fit snugly over the entire cabinet or table and act as both counter and basin.

### ***Pivot Door***

Also called a swinging or hinge door, a pivot shower door swings open like a traditional door and provides an easy-to-access shower environment and a clean, sophisticated look.

### ***Pressure-Balancing Valve***

The Rite-Temp® pressure-balancing valve lets you precisely control your water temperature; three degrees of handle rotation changes the temperature by 1°F. If the cold water supply is interrupted, the valve will automatically reduce the water flow.

### ***Quick-Release™ Functionality***

Functionality that allows you to unlatch the hinges of the toilet seat for easy seat removal and convenient cleaning; no tools required.

### ***Vessel and Wading Pool® Sinks***

Vessel sinks are freestanding basins that rest on the counter—a dramatic centerpiece for any bathroom. Wading Pool above-counter sinks, unique to Kohler, accentuate the movement of water.

### ***VibrAcoustic®***

VibrAcoustic hydrotherapy combines music, sound-wave vibration and chromatherapy in the bath, delivering relaxation that resonates deep within the body.

### ***Vitreous China***

A term applied to plumbing fixtures that are comprised of ceramic materials, fired at a high temperature to form a nonporous body with exposed surfaces, and coated with ceramic glaze.

### ***Quiet-Close™ Technology***

A KOHLER® technology that allows a toilet seat to close gently instead of slamming.

### ***Rainhead***

Featuring Katalyst® spray technology, KOHLER rainheads deliver a powerful, thoroughly drenching shower experience.

### ***ReadyLock® Installation System***

Kohler's patented installation system for toilets with skirted trapways, ReadyLock doesn't require drilling or special tools, and it provides a secure installation.

### ***Wall-Mount Faucet***

Mounted on the wall behind the sink, a wall-mount faucet works well with above-counter, wall-mount and undermount sinks. It provides a streamlined look and helps keep countertops clear.

### ***WaterSense®***

WaterSense, a partnership program of the U.S. Environmental Protection Agency, seeks to protect the future of the nation's water supply by offering people a simple way to identify water-efficient products.

### ***Whirlpool***

KOHLER whirlpools deliver powerful directed massage with jets that are fully adjustable in direction and massage intensity.

### ***Revolution 360® Swirl Flushing***

Available on select toilets, this swirl flushing technology sends water around the entire bowl with greater force and surface area coverage than a typical flush, for complete coverage that leaves nothing behind.

### ***Round-Front Bowl***

A toilet bowl having dimensions of approximately 14" wide by 16½" long (from the center of the seat hinge holes to the front edge of the outside rim).

### ***Semiframeless vs. Frameless***

A semiframeless bath or shower door has a metal frame mounted to the edges of the glass, adding structure. On a frameless door, heavier, thicker glass eliminates the need for structural framing and creates a sleek, contemporary look.

### ***Whirlpool Jet***

Individually and fully adjustable to target specific areas of the body, KOHLER whirlpool jets deliver powerful hydromassage.

### ***Widespread Faucet***

A widespread faucet features separate hot and cold handles that are independent from the spout. It can be mounted on the countertop or on sinks with three holes that measure 8" to 16" from the outside edges of the holes.

### ***Single-Handle Faucet***

A single-handle faucet allows you to control water volume and temperature with a single handle—typically placed above the spout. It is designed for sinks with a single hole or, when combined with an escutcheon plate, for sinks with three centerset holes.

### ***Sliding Door***

Typically chosen for baths and large showers, sliding doors overlap with a smooth, quiet sliding action.

### ***Thermostatic Valve***

A valve system that separates volume and temperature controls. Our MasterShower® thermostatic valve—featuring an innovative shuttle design—gives you total control of your shower environment. The one-piece forged-brass body is built to last and eliminates potential leak paths.

### ***Transfer Valve***

Used in conjunction with a Rite-Temp® pressure-balancing valve or with thermostatic and volume control valves, the three-way transfer valve lets you choose from six different outputs with a simple turn of the handle.

### ***Trim***

All shower valves require trim, the controls you use to adjust water flow and temperature. Designed to match KOHLER fixtures and faucets, shower trim is available in a wide range of styles and finishes.

### ***Trip Lever***

A lever, often a handle, depressed to initiate the toilet flush cycle. Factory-installed trip levers have a Polished Chrome finish; optional trim kits offer trip levers in other finishes.
